DESKTOP

HANDHELD

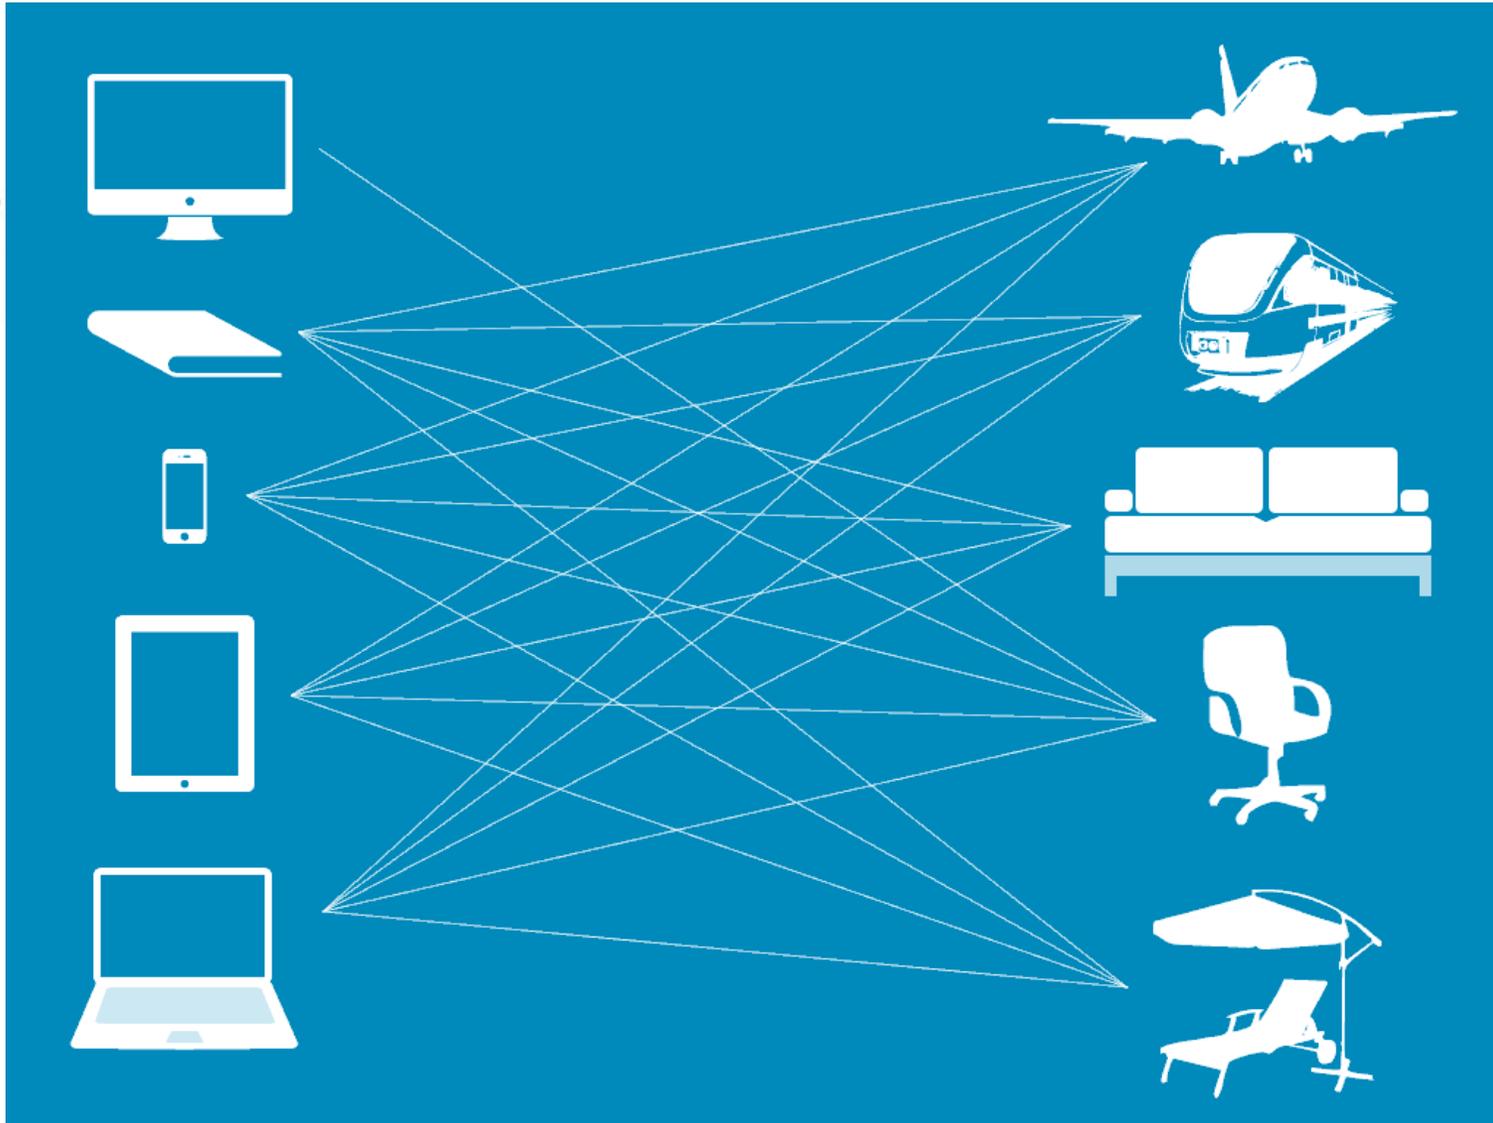

User testing is the only way to know if what you've built works.

We do it because it provides our team with valuable insight into our student users' emotions, beliefs, preferences, perceptions, behavior, and accomplishments that occur before, during, and after interacting with our online education courses.

Multi-platform approach to learning

Featuring the Best Handgun Safety Videos Available

Produced by handgun safety education experts and found only at handgunsafetycourse.com, these handgun safety videos are fun to watch, and they'll make you a better, safer shooter.

Check out one of our videos, "Types of Handguns," and see for yourself.

Handgun

Regardless of your safety course teaches safety so that you can handle safety in mind. Transport, and store your

Those Considering Handgun Ownership

This course will prepare you for handgun ownership. We will help you make safe, educated decisions so that you can buy the handgun that is best for you. In this course, you'll also learn about accessories you may need or want when you buy your handgun—and how to safely handle

Those Curious About Handgun Safety

It's a simple fact that handguns are out there. At some point, it's likely that you or a loved one will encounter a handgun—that's why it's important to learn about them, even if you aren't a handgun owner. Taking this course will give you the knowledge necessary to think objectively and
