The 49 passenger Bay Pride

The Terrace Inn and it's Owner/Innkeeper, Tom Erhart, are proud to introduce the newly-formed Bay Water Ferry & Tours, a passenger ferry service on Little Traverse Bay. The ferry service will be headquartered at Bay Harbor's Marina District, just west of Petoskey, and will shuttle passengers between Bay Harbor and Petoskey on a daily basis from mid-May through mid-October.

Tom Erhart on the deck of his Bay Pride

Topics will include the history of the resort communities of Bay View, Roaring Brook, Wequetonsing and Harbor Point. The "Petoskey Stone" story will also be shared with guests.

The ferry will accommodate up to 49 passengers and provide the character and charm of days gone by. A ferry service on Little Traverse Bay is not a new concept. In the 1870s steamships brought visitors to Northwest Michigan, and local ferries serviced the resort communities that line the shore of Little Traverse Bay well into the 1900s.

During the busy summer months, visitors and residents will find it faster and more relaxing to take the ferry to their favorite communities rather than drive. The Bay Water Ferry will provide an opportunity for more visitors and residents to experience the spectacular scenery of Little Traverse Bay, a setting unsurpassed anywhere in the United States!
